Notice to Suppliers

Re: Alamance County Procurement Center

Dear Prospective Suppliers,

Alamance County is pleased to introduce the Alamance Procurement Center, which we will use to register, source, solicit, and receive proposals and bids from our valued suppliers. This communication and collaboration tool allows our staff to source your products, equipment and services, and to contact you via email for additional information, quotes, or proposals. Unlike many procurement systems on the market today, our system involves **no web-based commissions or transaction fees**.

Suppliers may register at our Procurement Center by going to our Internet page, <http://www.alamance-nc.com/d/purchasing.html>, and clicking on the "Procurement" link at the bottom of the page, and selecting "Become a Supplier." We encourage you to fill out as much of your supplier profile as applicable since information you provide will be used to source you. There is no charge for suppliers to register with Alamance County. If you have any questions or need assistance please call 800-853-7130.

The Alamance Procurement Center is powered by ENI, a technology software company that provides business and procurement software to leading organizations in the A&E, Construction, Environmental, Utility and Public Sectors. ENI is a wholly owned company of Broad Street Software Group, Inc., located in Edenton, NC.

We encourage you to learn more about the Alamance Procurement Center and register at <http://www.alamance-nc.com/d/purchasing.html>.

We look forward to doing business with you.

Sincerely,

Alamance County Purchasing Department

Stuart Keeler
Purchasing Director
