AUGUST NEWS

- Save the Date: The 13th Annual Economic Summit, [Thursday October 11th, 4-6:30 pm](#), Elon University. More information to follow.
- The Chamber partnered with the Career Accelerator Program to sign 11 new apprentices. The companies are beginning plans for the fall marketing and recruitment season for 2018-19.
- Alamance County is part of a regional \$3.2 million grant awarded to four counties including Guilford, Randolph and Rockingham to promote and implement work-based learning opportunities for youth and adults. Opportunities will include apprenticeships, job shadowing, and internships. The grant also has a significant component dedicated to marketing of these opportunities to local residents and students.
- The Chamber is hosting a free, Manufacturing Ambassadors Training program on September 5. The training is designed to help employees at manufacturing companies to be ambassadors from their company and for careers in manufacturing as they host career fairs, host facility tours and participate in other activities and events to support a workforce pipeline for their industry. For more information, click [here](#).
